

# CELL PHONE CONTRACT

FOR THE \_\_\_\_\_ FAMILY

## Initials

- I understand that a smart phone is a privilege, not a right. I understand that this phone is the property of my parents, and that my use is dependent on following the guidelines in this cell phone contract.
- I understand and respect that this is an honor code. I will be honest and forthcoming with my parents and will not hide anything from them.
- I understand that my parents will always have access to my passwords, social media, and messages. I will always make my phone available if my parents want to do a safety check.
- I will not use my phone after \_\_\_\_ pm on school nights and \_\_\_\_ pm on weekends.
- I will only download apps, games, or other files with my parents' permission. I understand that my parents can delete or block any app that they feel is not appropriate.
- I will not send or receive nude photos. I understand that nothing is truly private in the digital world, and that risky conduct can affect my future or cause legal problems for my parents.
- I will not use my phone to access pornography, violent, hateful, or illegal content. I will always notify my parents of any suspicious messages or requests I receive on my phone or social media.
- I will not participate in cyberbullying. If I see it happening, I will tell my parents or a trusted adult.
- I will never text and drive — EVER. If I am driving, my phone will be safely stored.
- I promise to use my phone considerately in public situations and learn cell phone etiquette.
